PRE-ROLLED CONE AND BLUNT PACKS

Save the day! Save the week! Save the whole month with DaySavers mini tower boxes! Stock up so you never run out of these 109mm pre-roll blunt cones, perfect for packing up a full gram of flower. These pre-roll blunt cones are made with our special hybrid hemp wrap, so they won't dry out as quickly as other blunt cones! These tobacco- and THC-free blunt cones are made with a blend of hemp fibers and hemp biomass that is specially developed to stay fresh longer than other hemp wraps. Plus, they burn smoothly and evenly every time and have a subtle, earthy flavor that will not overpower the flower in your pre-rolled blunts.
